

## Hamilton Grammar Friday Study School Programme

As part of a focussed approach to enhance the learning opportunities of our pupils, we will be launching a Friday Study School Programme to support our young people beyond their timetabled learning. All pupils in S4, 5 & 6 are invited to enrol in the programme and participate on Friday afternoons in subjects of their choosing. Pupils will receive a pre-ordered lunch if attending Friday Study School.

Study School will run from 1.30 – 2.30 every Friday, with a detailed programme of events, subjects and session content published more than a week in advance for information. Pupils will then have some time to decide which subject they wish to attend on any given week, giving consideration to the focus of each subject, before signing up online to one of their choosing. Pupils must sign up before the Thursday deadline in order to allow staff to prepare appropriate resources.

Starting on Friday 10<sup>th</sup> February, the programme will run on the rotation shown below on alternate weeks:

Week 1	Week 2
Maths	English
English	Maths
Computing	Modern Languages
Hospitality	History
Biology	RMPS
Geography	Admin & IT
Modern Studies	Drama
Accounting	Art
Art	Technical
Technical	<i>Physics (Pending)</i>
PE	Chemistry
10/2, 24/2, 10/3, 24/3	17/2, 3/3, 17/3

This is a great opportunity for our pupils to be supported in developing their knowledge & understanding and skills in the lead up to the SQA examination diet and we would encourage as many as possible to attend.

Further information on how pupils can sign up for a study session can be found by following the links on the school website, ***Information for Parents and Pupils > Friday Study School;***
